## ABOUT THE PRODUCT

### Metal-frame-inserted Moulded PU Chair

A metal frame inserted moulded PU foam chair is an aesthetically beautiful chair constructed from metal and foam components.

The structural support is provided by a well-designed sturdy and durable metal frame, while the PU foam is moulded around the frame to produce a pleasant seating surface. Pouring the HD foam into a mould with the metal frame attached and allowing it to cure with robust cushioning characteristics is the technique. These moulded chair saves time both, during use (easy handling and cleaning) Low maintenance That's why so popular or demanding in offices, schools, cafeteria, hotels, hospitals, restaurants etc.....
